

North Beach Eco Park Planning Initiative

Community Design Workshop

Thurs. November 21

3:00 - 6:00 PM

Work with Landscape
Architects on the Park Design.

Fri. November 22

6:00 - 8:00 PM

See the Results & Provide
Feedback.

The community is invited to this public workshop to share their ideas for park amenities and design.

The northeast expanse of North Beach contains acres of wetland habitat, which plays an important role as a shorebird feeding ground and as a recreational amenity for area residents and visitors.

The City of Corpus Christi, in partnership with the National Park Service and local institutions, is creating a park plan for the city-owned parcels in this area of North Beach, which total thirty acres.
