Preparing for Hurricane Season

Now is the time to prepare before a storm threatens our area. Here are some suggestions to consider as you make your plan.

HAVE A PLAN

Your family may not be together when a disaster strikes, so it is important to plan in advance. How will you get to a safe place? How will you contact one another? How will you get back together? What will you do in different situations?

Assemble a disaster supply kit well in advance of an emergency. You may have to evacuate at a moment's notice, so you will probably not have time to search for supplies.

Have a plan for your pets. Make sure pet ID tags are up to date and securely fastened to your pet's collar. If you evacuate, have your dog on a leash or cat in a kennel. Have at least a 3 to 5 day supply of food and water.

State of Texas Emergency Assistance Registry (STEAR)

Register today dial 2-1-1

Who Should Register?

People who—

- **Have a medical or access need which would prevent them from evacuating on their own**
- **Do not have adequate transportation to evacuate themselves**
- **Use a medical device which requires electricity**

Evacuation Support

□ Don't have a ride out of town in the event of an incoming hurricane? Simply head to the nearest RTA Bus stop, and you will be taken, free of charge, to a hub for processing. By way of CCISD bus, you will be transported out of town and out of harm way.

Emergency Supply List

- 3 to 5 day supply of nonperishable food that needs no cooking
- 2 gallons of water per day for each person
- Hand-operated can opener
- Plastic plates, cups, utensils
- Battery-powered or hand-crank radios
- First-aid supplies, flash light and whistles
- Prescriptions and other medications
- Hand sanitizer, wipes, bleach
- Toilet paper, paper towels, garbage bags
- Soaps, personal supplies
- Sunscreen, insect repellent
- Cash
- Extra clothing
- Chargers for phones, tablets, & electronics

People with Disabilities

It's important to include items in your kit that meets your family's unique needs. Consider the following:

- Supplies, such as catheters, medications, syringes, incontinence supplies etc.
- Contact information for your doctor, local pharmacy and medical suppliers
- Contact information for their care provider and a family member.
- Items that you use for your daily life that might be unique to you
- A list of every medication you take
- A list of daily activities for which you

Alternate Evacuation Routes

- From Corpus Christi take:
