Fund Balance Financial Policies

General Fund: It is the goal of the City Council to build and maintain a reserve in the General Fund unassigned fund balance which totals at least two months (or approximately 17%) of regular general fund operating expenditures up to 20% of total annual General Fund appropriations, exclusive of any one-time appropriations.

Enterprise Funds: It is the goal of the City Council to build and maintain an unreserved fund balance in each of the Enterprise Funds of a maximum of 25% of the annual Enterprise Fund appropriations, exclusive of debt service and any one-time appropriations, and anything over that amount shall be designated for specific purpose(s). This subsection only applies to Water, Wastewater, Gas, Stormwater, Airport, and Marina fund balances.

Internal Service Funds: It is the goal of the City Council to build and maintain an unassigned reserve in each Internal Service Fund listed below, of up to 5%, of annual Internal Service Fund appropriations, exclusive of any one-time appropriations. This subsection only applies to the Information Technologies, Contracts and Procurement, Engineering Services, Fleet Maintenance, and Facilities Maintenance.

Group Health Plans Funds: It is a goal of the City to maintain a fund balance in the group health plans to (1) pay any associated administrative costs and claims run-out based upon the most recent actuarial study in the event the plan ceases or a change in the third-party administrator is made; and to (2) hold a reserve for catastrophic claims equaling 10% of projected medical and prescription claims.

General Liability Fund: It is a goal of the City to maintain a fund balance in the General Liability Fund (1) to fund long-term liabilities, incurred but not reported expenses (IBNR), and a risk margin for the adverse development of claims as determined by the actuarial recommendation and reflected in the Comprehensive Annual Financial Report; (2) to provide additional protection against significant unexpected claims experience in the fiscal year as a catastrophic reserve equaling 25% of the average incurred costs of claims experience over the prior five-year period; and (3) to protect against significant cost increases in the fiscal year for purchased insurance coverage premiums equaling 25% of the cost for purchased insurance over the prior year.

Worker's Compensation Fund: It is a goal of the City to maintain a fund balance in the Worker's Compensation Fund (1) to fund long-term liabilities, incurred but not reported expenses (IBNR), and a risk margin for the adverse development of claims as determined by the actuarial recommendation and reflected in the Comprehensive Annual Financial Report; and (2) to protect against significant unexpected claims experience in the fiscal year as a catastrophic reserve equaling 25% of the average of incurred costs of claims experience over the prior five-year period.

Debt Service Reserve Fund: The City will strive to maintain a debt service fund balance for bonds, certificates of obligation, tax notes, and other debt instruments of at least 2% of the annual debt service appropriation(s) for the fiscal year; provided, however, this requirement shall comply with the provision of Treasury Regulation 1.148-2(f) which limits the amount of reserve funds that may secure the payment of debt service on bonds.

Fund Balance Summary

General Fund - The total fund balance is expected to be \$77,908,651 and after carryforward appropriations is 22.9% of annual appropriations.

Enterprise Funds – Per the Financial Policies of the City a reserve of at least 25% of annual appropriations in the Water, Wastewater, Gas, Storm Water, Airport, and Marina fund is required, anything over that amount shall be designated for specific purpose(s). All of the Enterprise Funds covered by this policy are in compliance. Fund balances in excess of 25% of annual appropriations in the utility funds (Water, Wastewater, Storm Water and Gas) are transferred for the purpose of cash funding projects in the Capital Improvement Program. Any excess above the 25% reserve in the Airport fund is typically used as a grant match for Federal Aviation Administration (FAA) projects.

Internal Service Funds – These funds are required to maintain a fund balance of up to 5% of annual appropriations, exclusive of any one-time appropriations. The policy applies to the Contracts and Procurement, IT, Fleet Maintenance, Facility Maintenance and Engineering Funds. Fleet Maintenance and Facility Maintenance have fund balances in excess of policy requirements. These fund balances will be brought down in the FY 2024 budget.

Debt Service Funds - All Debt service funds are in compliance with the reserve policy.

Special Revenue Funds – Special Revenue Funds are, by definition, legally restricted to expenditures for specific purposes. All Special Revenue Funds except Reinvestment Zone #5 have positive, adequate fund balances. Reinvestment Zone #5 is expected to be in a positive financial condition in the next 2 to 3 years when development in the area begins.

Projects Under Construction:

PROJECT	COUNCIL DISTRICT	BUDGET	BOND / Funding Source	Construction End
Police Training Academy	Dist. 5	\$24,867,536	CO's and General Fund	June 2024

This facility will replace the outdated training facility acquired in 1981 and will be located at the Del Mar College - South Campus. The turn-key complex will include space for applied instruction, physical training, and all the necessary supporting utilities including water, wastewater, and electrical infrastructure.

CCIA Rehabilitate Terminal Building	Dist. 3	\$17,941,350	FAA Grant and Operating Capital	June 2024
--	----------------	---------------------	--	------------------

The project scope includes renovations to 1st and 2nd floor public restrooms in non-secured and secured areas of Terminal Building. Renovations of spaces to create a Service Animal Relief Area and Nursing Room in the secured concourse area. Re-covering of external roof sections, including comprehensive base flashing replacement, certification of lightning protection, added insulation and appurtenances, and clerestory stucco coating. Replacement of existing exterior curtain wet glazing and window perimeter seals. Replacement of building Energy Management System (EMS). Replacement of existing HVAC cooling towers. Replacement of fire alarm control panel that serves the entire Terminal Building. Improvement to electrical generator and switch gear that serves backup emergency power to west portion of Terminal Building. Construction of an outdoor patio area that is accessed from the terminal concourse area. Recovering the visible white waves and half-dome to extend useful life of the decorative roofing. Installation of five electric vehicle charging stations in each of the Covered and Short-Term parking lots.

Projects In Design:
