With the second quarter of the fiscal year completed, combined revenues and expenditures are at 98.8% and 78.6% respectively of the YTD budget. Other significant variances have been explained in the notes following each Fund.

GENERAL FUND REVENUES

- *Current Ad Valorem Property Taxes* Year to date revenue collections are \$756,344 or 1% below the budgeted amount. This is a result of payment timing, we anticipate the revenue will be at budgeted level by fiscal year end.

- *Sales Tax* –Sales Tax collections year to date came in \$1,777,273 or 6.3% above budgeted level. This trend begun in the previous fiscal year and is expected to continue for the near future.
- *Franchise Fees* Collections year to date are \$774,344 or 11.2% below budgeted levels. Electric franchise revenue from AEP was under budgeted amounts mostly due to moderate temperatures.
- ♦ Solid Waste Services Solid Waste services year to date revenues are at 98.6% or \$286,940 below budgeted amounts.
- ♦ Municipal Court Year to date revenues are 2.3% or \$60,281 below the budgeted amount. Revenues are expected to meet or potentially be above budgeted levels by fiscal year end.

With the second quarter of the fiscal year completed, 86.3% of the General Fund YTD budget has been expended. Please consult the individual notes to the statements to explain individual variances, which have been cited.

ENTERPRISE FUNDS

Expenditures are \$57,054,965 which is 13.4% below the budgeted amount. We anticipate expenditures will increase in the next two quarters.
- BACKFLOW PREVENTION FUND This Fund was established in FY 2019 and revenues are based on a transfer from the Water Fund. The Fund is used to account for backflow prevention inspection contracts. Year to date revenue equal \$251,175 and expenditures are \$0. This is due to contract timing.
- **DROUGHT SURCHARGE FUND** This Fund was established in FY 2019 and revenues are based on a fee collected from large-volume industrial customers. Funding will be used for the development of drought-resistant water supplies. Year to date revenue equal \$1,404,168. No expenditures were budgeted for this fiscal year.
- ◆ GAS FUND Year to date revenue of \$19,774,137 represents 91.4% of budgeted revenue. Low revenues are due mostly to the low cost of natural gas. The cost of natural gas is a direct pass through to the customer. Regarding Gas Fund expenditures, year to date expenditures of \$19,128,352 represent 89.3% of budget which again is largely due to the cost of natural gas being lower than the amount budgeted.
- ♦ WASTEWATER FUND Year to date revenue of \$33,160,364 represents 94.1% of budget. Revenues are expected to increase in latter half of the fiscal year; however, we do expect revenues to fall short of budgeted amounts at year end. - STORMWATER FUND Year to date revenues of \$14,497,347 represent 100.2% of budget. Most of the revenues are a transfer from the Water Fund so revenues are extremely stable. Year to date expenditures are \$14,868,872 or 93% of budgeted amounts.
- ◆ *AIRPORT FUND* Year to date revenues are \$5,450,100 or 105.5% of the budgeted amount. Year to date expenditures are \$3,927,346 or 74.9% of the budgeted amount. We anticipate expenditures to increase later in the fiscal year.

General Fund: It is the goal of the City Council to build and maintain a reserve in the General Fund unassigned fund balance which totals at least two months (or approximately 17%) of regular general fund operating expenditures up to 25% of total annual General Fund appropriations, exclusive of any one-time appropriations.

Enterprise Funds: It is the goal of the City Council to build and maintain an unreserved fund balance in each of the Enterprise Funds of a maximum of twenty-five percent (25%) of the annual Enterprise Fund appropriations, exclusive of debt service and any one-time appropriations, and anything over that amount shall be designated for specific purpose(s). This subsection only applies to Water, Wastewater, Gas, Stormwater, Airport, and Marina fund balances.

Internal Service Funds: It is the goal of the City Council to build and maintain an unassigned reserve in each Internal Service Fund listed below, of three percent (3%) and a maximum of an additional two percent (2%), for a total of five percent (5%) of the annual Internal Service Fund appropriations, exclusive of any one-time appropriations. This subsection only applies to the Information Technologies Internal Service Fund; Stores Internal Service Fund; Engineering Services Internal Service Fund; Fleet Maintenance Internal Service Fund; and Facilities Maintenance Internal Services Fund.

Group Health Plans Funds: It is a goal of the City to maintain a fund balance in the group health plans to (1) pay any associated administrative costs and claims run-out based upon the most recent actuarial study in the event the plan ceases or a change in the third-party administrator is made; and to (2) hold a reserve for catastrophic claims equaling 10% of projected medical and prescription claims.

General Liability Fund: It is a goal of the City to maintain a fund balance in the General Liability Fund
(1) to fund long-term liabilities, incurred but not reported expenses (IBNR), and a risk margin for the adverse development of claims as determined by the actuarial recommendation and reflected in the Comprehensive Annual Financial Report;
(2) to provide additional protection against significant unexpected claims experience in the fiscal year as a catastrophic reserve equaling 25% of the average incurred costs of claims experience over the prior five-year period; and
(3) to protect against significant cost increases in the fiscal year for purchased insurance coverage premiums equaling 25% of the cost for purchased insurance over the prior year.

Worker's Compensation Fund: It is a goal of the City to maintain a fund balance in the Worker's Compensation Fund (1) to fund long-term liabilities, incurred but not reported expenses (IBNR), and a risk margin for the adverse development of claims as determined by the actuarial recommendation and reflected in the Comprehensive Annual Financial Report; and (2) to protect against significant unexpected claims experience in the fiscal year as a catastrophic reserve equaling 25% of the average of incurred costs of claims experience over the prior five-year period.

Debt Service Reserve Fund: The City will strive to maintain a debt service fund balance for bonds, certificates of obligation, tax notes, and other debt instruments of at least two percent (2%) of the annual debt service appropriation(s) for the fiscal year; provided, however, this requirement shall comply with the provision of Treasury Regulation 1.148-2(f) which limits the amount of reserve funds that may secure the payment of debt service on bonds.

Fund Balance Summary

General Fund - From the fund balance of \$63,127,401 the amount of \$57,409,927 is available to satisfy the 17% minimum - 25% maximum financial policy reserve requirement. Original budgeted expenditures for FY2017-2018 were \$239,473,862; therefore, the reserve is currently at 24%. General Fund is in compliance.

Enterprise Funds – Per the Financial Policies of the City a reserve of at least 25% of annual appropriations in the Water, Wastewater, Gas, Stormwater, Airport, and Marina fund is required, anything over that amount shall be designated for specific purpose(s). All of the Enterprise Funds covered by this policy are in compliance. Fund balances is excess of 25% of annual appropriations in the utility funds (Water, Wastewater, Storm Water and Gas) are transferred for the purpose of cash funding projects in the Capital Improvement Program. Any excess above the 25% reserve in the Airport fund is typically used as a grant match for Federal Aviation Administration (FAA) projects. Any excess above 25% reserve in the Marina fund balance is being used for Marina capital repairs.

Internal Service Funds – These funds are required to maintain a fund balance of 3% and a maximum of an additional 2%, for a total of 5% of the annual appropriations, exclusive of any one-time appropriations. The policy applies to the Stores, IT, Fleet Maintenance, Facility Maintenance and Engineering Funds. The state of these fund balances is as follows:

Stores - The Stores fund balance was at 6.1% but is expected to expend some of the fund balance in FY2018-2019 for needed capital repairs.

IT - The IT fund balance was at 17.8% but is budgeted to expend over \$1M of fund balance in FY2018-19. They also have several large and critical projects that are unfunded. The IT fund balance is a potential funding source.

Fleet Maintenance - The Fleet unassigned fund balance is under 3%. The fund balance included \$10.5M reserve for future fleet replacement and over \$700K in inventory. Over \$6M in future replacement funds is anticipated to be expended in FY2018-19. *Facility Maintenance* - The Facility Maintenance fund balance was at 48.8% but is budgeted to expend \$1.496M of fund balance in FY2018-19 for critical facility repairs across the City. Additional projects are anticipated in FY2019-20 if funding is available. *Engineering* - The Engineering fund balance was at 6.3% of expenditures at September 30, 2018. The FY2019-20 Proposed Budget will include a drawdown of this balance to get in compliance with policy.

Debt Service Funds - All Debt service funds are in compliance with the reserve policy.

Special Revenue Funds – Special Revenue Funds are, by definition, legally restricted to expenditures for specific purposes. All Special Revenue Funds have positive, adequate fund balances.

| | Department | Variance | Comments |
|---|--|--|--|
| 1 | City Attorney City Auditor Finance Health Services Animal Control Library Code Enforcement | (302,803) (77,824) (287,145) (460,848) (473,671) (345,647) (299,137) | Expenditures are below budgeted levels mainly due to vacant positions. Operational costs are also below budgeted levels but are expected to increase in last two quarters of the fiscal year. |
| 2 | City Secretary | (131,157) | Expenditures are below budget due to savings associated with run-off election costs. |

Notes to Major Variances Current Year-To-Date vs Budget Year-To-Date Liability/Employee Benefits Expenditures

| | Department | Variance | Comments |
|---|---------------------------|-----------|---|
| 1 | Self Insurance Claims | (197,363) | Liability claims are less than the actuarial projections. Risk management has taken proactive steps implementing safety training provided during new employee orientation, remedial driver training, and defensive driving training, worksite inspections and vehicle driver evaluations. In addition, all incidents are investigated to identify the root cause of employee accidents/injuries and followed-up with remedial training to prevent similar situations in the future. |
| 2 | Insurance Policy Premiums | 120,675 | Variance is largely due to Windstorm and Property Insurance premiums paid in the current year with coverage extending into the subsequent year since the timeframe does not align with the respective fiscal year. In these incidents, part of the payment is credited to a "Pre-Paid" account. |
| 3 | Property Damage Claims | (101,251) | Claims for damages to city property below the \$50K insurance coverage deductible was less than anticipated. |
